"When I think of Trish, the first word that comes to mind is dazzling. Her ability to captivate the audience while inspiring the musicians has made Trish one of our most requested soloists."

Dr. Paul Cobbs, Conductor Everett Symphony.

"She does have a clarion voice made to nail standards" backstage.com NYC
David Finkle, New York City Critic

"Trish really knew how to communicate with an audience and had our folks in the palms of her hands for two hours!" David Joyner, Director of Jazz Studies - Pacific Lutheran University PLU

"Sinatra at The Sands" is nothing short of a swingin' time trip back to the Las Vegas Strip. The show is smart, funny, and a wonderful tribute to the lost art of livin' it up.

Dan Murphy, Operations Manager KIXI Radio - New Years Eve 2008
